

Behavioral Health Aide One-Year Certificate Program

Division of Human Services

Angela Johnson, MEd, Division Chair

Crystal D. LaPlante, MSW, Instructor

This program will provide the student with basic skills and knowledge in behavioral health competencies. They will be able to utilize their skills with clinical supervision for employment as a behavioral health aide and/or continued training in human services such as psychology, social work, and behavior health.

The Learning Outcomes from the Behavioral Health Aide certificate program are as follows:

- To develop knowledge and skills related to human services fields and practice.
- To develop effective written and verbal skills to accurately and appropriately read and convey information.
- To apply knowledge and skills critically in the context of living and/or providing services to the Blackfeet Reservation and larger global community.
