

BHS DUAL ENROLLMENT STUDENT AGREEMENT

Congratulations! We're so excited that you have chosen to take a college course while attending Browning High School. This agreement outlines requirements and expectations for both BHS and you as the student committing to the college class.

General Information:

1. You can take the class for both college credit AND high school credit, or college credit only. You need a **70% (C)** or higher to receive **college credit**. Like all your HS classes, you need **60% (D)** or higher to receive **high school credit**.
2. In this program you are *both* a college student and a high school student. All communication about the class details will be between you and the **college instructor**.
3. When you successfully complete a class in this program, you won't have to repeat it again in college.

What BHS will do:

- Guide you in the application process
- Secure funding to pay for the class and books
- Offer support to help you complete the class
- Enter your grades for credit towards your GPA

What YOU are required to do:

- Get this form signed
- Apply to the college for their dual enrollment program
- Complete "Release of Information" form to keep BHS staff aware of your progress (if applicable)
- Choose and register for the class you want to take
- Complete the class – withdrawal is not available
 - Maintain consistent, timely communication with your college instructor as well as BHS staff.
 - If you cannot complete the class due to an "extreme personal issue", you MUST speak with a counselor or GEAR UP person *as soon as possible*.
- If you fail to return your books, you will be responsible to pay for them. Books cost between \$30-150. **Books checked out:** _____

I, _____ (student name) understand and agree to what is expected of me to complete a dual enrollment college course at Browning High School. By signing this agreement, I commit to completing the tasks outlined above.
