RE: Request for approval to enroll in college credit/continuing education units (CEU).

I \_\_\_\_\_ am requesting permission to take college classes through Blackfeet Community College. I understand that to do so, I need to receive permission from my parent/guardian \_\_\_\_\_ and to ensure the following items are adhered to:

- 1.) This decision does not take me out of any classes that would prevent me from graduating with my high school diploma. I understand that I will need to sit down with my counselor and review my graduation plan.
- 2.) I am presently in good academic standing at my high school and my enrollment in Blackfeet Community College courses will not create any additional hardship on my academic standing.
- 3.) My attendance is not an issue or will not become an issue that would prevent me from being successful with the additional college course(s).
- 4.) I agree that I will submit a final official high school transcript with graduation date after completion.
